

# Slim Metal Series Analog Clocks

## Bluetooth® Wireless Technology

For any customer who requires time synchronization, the Bluetooth® Low Energy wireless technology solution is an uncomplicated, easy-to-install, wireless product that continually and automatically recreates its own network. Competitively priced, OneVue Sync™ clocks with Bluetooth wireless technology are available solely through Primex, the sync time leader, and our certified partner network. OneVue Sync clocks with Bluetooth wireless technology require a minimum of one OneVue Sync Bridge to operate.

### Slim Metal Series Analog Clocks

Contemporary frames offer an upscale, executive look to our high-performance clocks. These high-tech synchronized clocks are easy-to-install and are easily incorporated into any décor. Available in a variety of sizes and dial options including custom dials to showcase your facility name or logo.
